

Ontario **Genomics** Institute

presents the Canadian premiere of

FEROCIOUS BEAUTY: GENOME

Liz Lerman Dance Exchange

27-29 September 2007, 8:00 PM

Premiere Dance Theatre, Harbourfront Centre
207 Queen's Quay West, 3rd Floor, Toronto

Inspired by the mapping of the human genome, this multi-media dance piece is the result of a rare and unique collaboration between artists and scientists.

"beautiful, richly imaginative, hugely ambitious... captivating, surprisingly funny, intensely moving, thought provoking...should not be missed by anyone fascinated by the intersection of science and art, or by the morally challenging issues now in play in the field of genetics." – Chicago Sun-Times

Tickets: Adults \$30, Students/Seniors \$25
